

Get a JUMP on your future...

Students, learn the skills you need. Businesses, train the employees you want.

Speakers' Bureau (Grades 7-12)

- Introduces students to the business community through various presentations. Content of presentations to include career/job overview and the skills and traits necessary to succeed.
- The second component of this piece is an entrepreneur track, where students can learn about starting their own business.
- The third component will include skill-building in the area of communications- resume creation, interview skills, mini-workshops, etc...

Community Service Opportunities (Grades 7-12)

- Provides short-term project-specific learning opportunities for those wanting to show community involvement-for college applications and / or personal enrichment. The purpose of this experience is to learn about civic responsibility, community involvement, and volunteerism.

**Golden View
Healthcare Intern**

Summer Employment Days (Grades 9-12)

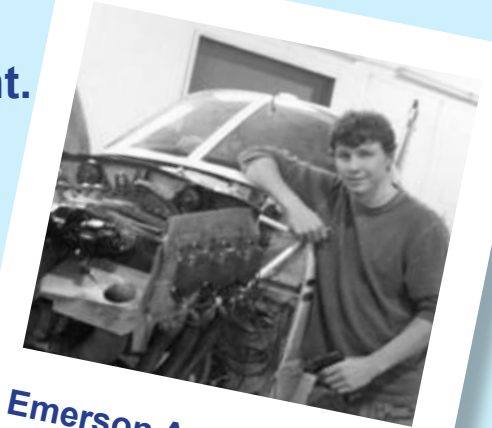

- Assists students and businesses with summer employment needs. Businesses visit school and students have a chance to interview with them and fill out applications for summer employment. The goal is to assist our student population and the local community with employment needs.

Internship Program (Grades 11-12)

- Matches students with local businesses for an internship experience in their area of interest. The purpose of the internship program is to match students with local businesses, non-profit organizations, and government to gain relevant knowledge and experience in a job field that interests them.

The Inns and Spa at Mill Falls has been fortunate to welcome two Inter-Lakes intern students. After their internships, both students were hired as full time staff members! This program is a terrific training ground for top-notch students and a perfect opportunity for employers to make a difference.

*Gail M. Batstone, General Manager
The Inns and Spa at Mill Falls*

Emerson Aviation Intern

Job Shadow (Grades 8-12)

- Matches students with businesses interested in providing a job shadowing opportunity. This is a one day, one-on-one learning experience. The purpose of this experience is to expose students to various career opportunities.
